## EXPERIENCE

February 2019 - June 2021 **Marvel Studios - Background Painter & Colorist**

Background painter for Marvel's *What If...?* Animated series. Painted layouts intended for production or visual development purposes, as well as created episode color scripts. Assisted Art Director directly with in-style vendor paint overs.

2014 - present **Freelance - Commission work**

Work closely with clients to produce artwork based on their specifications varying from background designs, to character and concept work.

February 2017 - July 2017 **IDW Publishing - Colorist (contractor)**

Colorist for issues #3 and #4 of *Kill Shakespeare Juliet*. Worked with writer Conor McCreery and artist Corin Howell to create final two issues of *Juliet* to be sold and distributed online and at local Conventions.

## RELEVANT COURSEWORK

Summer 2018 **Visual Development I Bill Perkins**

Art Center College of Design

Broke down and practiced the different disciplines that can be involved under the job title of Visual Developer in the animation or gaming industry.

Spring 2017 **Color & Story I Richard Keyes**

Art Center College of Design

Created narrative based key scenes and characters along with a color script with a focus on how to best use lighting and color to convey the story.

Summer 2016 **Sketching for Entertainment I Khang Le**

Art Center College of Design

Developed three thematically different props and layouts for animation.

## RECOGNITIONS
